Also, making it unlawful to store human bodies except in such vaults as shall be approved in

than \$30 or more than \$50 to be the penalty for each and every violation of the act Mr. Noyes made some statements in regard to the extremely offensive and improper manner in which the business, so called, of embalming human bodies is carried on in the most populous parts of the city. It was the unanimous opinion of the committee that stringent measures should be adopted to remedy the evil.

Common Council.-The Board was called to order at the usual hour, the President, Mr. Lloyd, in the chair, all the members being present except Mr. Skirving.

A communication was received from the Mayor announcing his approval of the following acts:-For building a sewer in the Third Ward; authorizing the laying of a water main in a portion of 17th street west; for grading and paving alleys in square 107; for repair of gut-ters on 12th street at I street north; to supply a deficiency in appropriation for the improvement of B street north: tor laying flag footways across 4% street on a line with the south side of D street south and north side of N street

The Register's statement of appropriations was received, whereby it appears that since October 24th there has been appropriated from the funds of the First Ward \$1,239.72; Second Ward, \$2,153.92. Third Ward, \$3,000; Fourth Ward, \$1,665.17; Fifth Ward, \$650; Fifth and Sixth Ward, \$1,300; Sixth Ward, \$100; Seventh Ward, \$100; General Fund, \$1,460. A communication was received from the Surveyor in answer to a resolution of inquiry as to changing the grade of 4th street, between East Captol and north A streets, in which he states any change would involve the taking up and relaying of gutters, pavements, &c., without a particle of good. It would damage the property in square 787, besides destroying the beauty of the grade of East Capitol street. He suggests that the gradation being the same as that laid down in 1797, it be not altered. intendent of Police in answer to a resolution of

DEPARTMENT OF METROPOLITAN POLICE Office of Superintendent, 483 Tenth street, Washington, October 31, 1844.—Hon. Asbury Lloyd, President of the Board of Common Council Sir: A certified copy of a resolution passed your board October 26, 1864, requesting me to inform the board "if there be any legislation required to enable me to prevent the crying of newspapers throughout the Sabbath day, or during church hours," has been duly received by me. In reply, I would beg leave to say that there

is now no ordinance existing under which I can prevent the disturbance complained of, unless

t be under the provisions of the ordinance ap-

proved June 3. 1853, entitled "An act for the preservation of order and the protection of property." The tenth section of that ordinance imposes a penalty upon all persons disturbing any congregation engaged in religious exercises or proceedings in any church or place of wor-ship; and as it seems to me, rather too confined in its terms to reach the subject of the resolution, I would advise the enactment of an ordipance to meet the special difficulty referred to. Allow me, in this connection, to ask the attention of the Councils to the subject generally of the observance of the Sunday in our community, and the very great uncertainty and madequacy of the ordinance in that regard. The whole matter deserves attention, and its consideration will, I have no doubt, lead to very considerable improvemen's in the ordinances already existing, by which provisions are made for the preservation of public order on the

Sabbath. Most respectfully, your obedient servant.

W B W.BR, Sup't of Police.

Referred to Messr. Peugh, Stephens, Edmonston Ward, Swain Dudley, and Rasem. Mr. Larner introduced a bill supplementary

to the act authorizing the Mayor to anticipate the revenue for the purpose of paying bounties, &c , which amends the original bill by authorizing the Mayor and committee to make payment only to these persons who are bona fide citizens of Washington, including those who have entered the army as grafted men and the sons and wards of bona fide citizens, who were under the age of twenty one years and who are in their opinion pecuniarily unable to provide

themselves with substitu es. Mr. Larner withdrew the bill subsequently, to give Mr. Moore an opportunity to introduce one of a similar character. Mr. Moore introduced a bill for the purpose;

which, after a short debate, and some amend-

ment, was passed. It is as follows:

Be it enacted, de., That in full execution of the act of the 29th of September, 1864, intended to relieve, as far as possible, the citizens of Washington from the hardships of the draft then impending, under the call of the President of the 18th of July last, the Mayor and committee representing the Connoils, who have been authorized to dispense the bounty provided in the said act, be, and are hereby directed to dispense the same to persons who have been or shall bereafter be dratted under the aforesaid call, and held to military service in the army of the United States, who come within the following classes or denominations of citizens, viz: All such as were bona fide residents of the city of Washington and liable to the school tax on the 31st day of December, 1863, and also all such young men, sons or wards of bona fide residents of Washington, as aforesaid, who have reached the age of twenty or twenty-one years subsequently to the 31st day of December, 1-63, and that a proportionate share of the bounty provided be paid to each of the persons here described, who have been or shall bereafter be dratted under the above mentioned call, and held to military service in the army, whether they shall enter upon the performance of such services personal-

bounty be dispensed to citizens who are pecuniarily able to procure substitutes. Mr. Ferguson, from the committee of conference on the billiard tables, submitted a report striking out the clause to triple licenses to un-

ly or provide for its performance by means of

a substitute: Provided, That no portion of the

naturalized citizens, which was adopted. Mr. Peugh presented a remonstrance of the property-holders on F street against any change of grade of F street from 10th to 11th street, on the ground that their property would be serionsly injured, and he introduced a joint resolution repealing so much of the act for grading F street as provides for grading between the west line of 10th and the west line of 11th street, which was passed.

from the Aldermen with an amendment providing that the grade on that square shall not be raised more than thirteen inches, which was concurred in The following was introduced and passed:

The resolution was subsequently returned

By Mr. Edmonston-Bill to floor the bridge on H street north and 9th street east. Mr. Ferguson presented the petition of C. T. Clark and others for grading 3d street east, from D to E south. Also, introduced a bill increasing the compensation of the physician to

the asylum; referred.

The following were reported from commit-tees and passed .- Mr. Wilson, drainage-for laying water main in 8th street east, South Carolina avenue and 11th street east. Mr. Kelly, claims-for relief of Letitia McDonald: tor relief of H. Kleiber. Mr. Ward, marketsincreasing compensation of the clerk of the Eastern Market. Mr. Wright, fire department-bill supplementary to the act establishing a paid fire department, with Aldermen's amendments fixing the salary of the chief engineer at \$1,200, instead of \$1,000, and of foreman, \$600, instead of \$500, which were concurred in. Mr. Ferguson, ways and meansincreasing the compensation of the Harbor Master from \$600 to \$800 per annum.

Mr. Larner, from the special committee on the substitute brokers' bill, reported it back writing by the sanitary officer of the ward in with an amendment fixing the rate of license at which such vault may be. A fine of not less \$500 per year; which was concurred in. The following were received from the Board of Aldermen and passed: To lay a flag foot-way on south side of M and C streets south, across 4% street west; to pay one-half the expense of the office of the fire alarm and police

telegraph; bill regulating embalming establish-

ments, which was amended, on motion of Mr.

Larner, by making the license for such estab-

lishments \$50 each per year. The bill exemp ing parsonage property from taxation was referred. The Council bill creating the office of secretary to the Water Board was recommitted. The bill increasing the compensation of the water tapper to \$1,200 was taken up, when-Mr. Larner moved to strike out the second section, which fixes the fee to be paid for putting in taps at \$5, and argued that the sum

heretofore paid was sufficient, and that the bill would compel the people to pay more for the work than a plumber would charge. Mr. Moore argued that the increased price of labor, &c , justified the increase, and that the heavy interest incurred in laying water mains An act to make a paved gutter on the south was to be met, and soon the principal must be liquidated. The people could not expect to have taps put in at a price at which the Cor-

poration would lose. Mr. Larner remarked that the water debt was now \$150,000, and its payment, principal and interest, was now provided for by a bill recently passed by Congress taxing property holders 6 per cent., which would also pay the expense of new mains, and this tax could be collected as soon as the Water Registrar made the assessment.

The amendment of Mr. Larner was adopted and the bill passed. The bill authorizing the Mayor to lease certain property along the line of the canal to C. H. Brown and G. W. Miller was passed. Adjourned.

A correspondence has taken place be tween Lieut, General Grant and General Lee in relation to the status of colored prisoners of war, particularly in regard to those placed at work on the fortifications protecting Rich-mond. Gen. Lee desires to know whether, the Union prisoners having been relieved from the work in the trenches, the rebel prisoners put to work by General Butler would also be relieved. He defines the policy of the rebel government, and says that free negroes and those enlisted in free States have been, and will continue to be, treated as prisoners of war, but those who have been captured in the rebel States, and those who have absconded from their owners and enlisted in the Union army, when captured and identified by their masters, are to be returned to them He argues the constitutional status of slaves escaped from rebel citizens, and says the right of property is not impaired by their capture.

Gen. Grant replies very briefly, declining to discuss the constitutional question, saying that he has nething to do with that, but says "that every person who is mustered into the military service of the United States is entitled to protection, and when captured must receive the treatment due to prisoners of war," and "that in every case that comes to his knowledge of any different treatment being received by captured Union seldiers, whatever color, retaliation will be made upon Rebel prisoners in our hands. As he understands from Gen. Lee's communication that the prisoners referred to had been relieved from work upon the Rebel fortifications, he has directed the release of the Rebel prisoners at Dutch Gap from turther labor.
